New CYFD Task Force Members Announced

The Child Protective Services Task Force Includes Behavioral and Physical Health Experts, Foster Parents, Kinship Caregivers and Guardians

Santa Fe – The Children, Youth & Families Department Cabinet Secretary Brian Blalock has announced the members of a Child Protective Services Task Force that will work directly with CYFD leadership to research and make recommendations for positive changes to the Department.

The Task Force comes out of House Joint Memorial 10, which was introduced and approved during last year’s Legislative Session. The Joint Memorial created a Child Protective Services Task Force that is charged with making “recommendations to improve the safety and well-being of children and youth in the care of child protective services, as well as improving recruitment, retention and support for the resource parents who care for children in foster care.”

Secretary Blalock praised the new Task Force as “a good way for us to meet with stakeholders to get new ideas and to increase transparency about what we are doing to improve CYFD.” He said the Task Force is part of a significant positive change effort led by Governor Michelle Lujan Grisham guided by “a renewed investment in state government’s responsiveness and cooperation” with stakeholders and the public.

The Child Protective Services Task Force will begin meeting in November 2019 and has until October 2020 to make its initial report.

Members named to the new task force applied and were chosen by Secretary Blalock, guided by the recommendations in the Joint Memorial. HJM-10 Task Force Members include:
