

CYFD-Funded Domestic Violence Survivor Services

New Mexico Domestic Violence Victim Service Providers

Current a of 2/3/2020

The New Mexico Children, Youth and Families Department (CYFD) funds the following programs to provide immediate shelter and a wide range of supportive services for victims/survivors of family violence, domestic violence, and dating violence and their dependents. Though not every provider offers every service, they form a network of services, and advocates within each program will work to get every survivor the services and supports they need to find safety and hope in the future. Contact the programs directly for information, referral, or for immediate crisis intervention.

You can also call the National Domestic Violence Hotline at 800-799-7233 or chat with an advocate through their website (thehotline.org), which will connect survivors to the programs in this list. If you have questions, complaints, or need further information about these programs, contact the Domestic Violence Unit at CYFD at (505) 795-1645.
